

San Martiño

WINE ACADEMY

San Martiño Winery & Vineyards is proud to announce the establishment of the

-- San Martiño Wine Academy --

Join with a certified sommelier from an award-winning, four-star Dallas restaurant, who will lead you in the exploration of grape varietals present in San Martiño's wines.

Each session will include a brief discussion of the varietal's physical characteristics, historical roots, growing regions, vinification techniques, and taste/aroma profile. Sessions will include tastings of those wines produced by San Martiño.

The *San Martiño Wine Academy* will culminate in a 'Blind Tasting' session of a selection of San Martiño's wines – to test knowledge learned throughout the series. The 'Blind Tasting' participant that correctly identifies the most wines in the quickest fashion will receive any two blind-tasted wines of his or her choice. The participant that comes in second will receive any one blind-tasted wine of his or her choice. Those who correctly identify one or more varietals will receive an additional 5% discount on those wines, over and above any discount already available.

Each varietal session is \$25 per participant (or \$125 for the entire series) and space is limited. Additionally, all participants will receive an additional 5% discount on any wine tasted during the varietal sessions (does not include 'Blind Tasting') – over and above any existing discount the session participant is entitled. For the 'Blind Tasting' session, cost is \$10 for those that have taken at least two classes or \$25 for anyone else who wishes to participate.
